PROMOTIONS

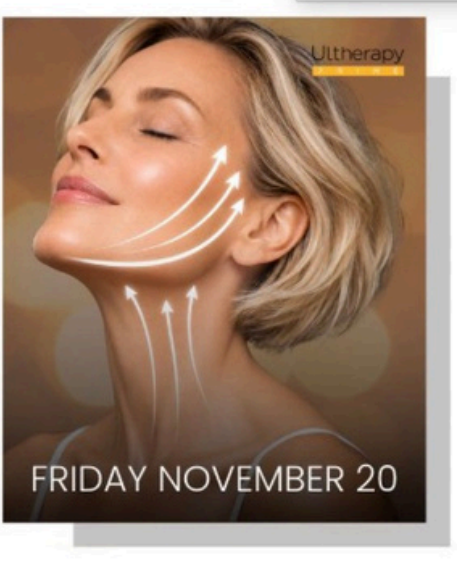

The next Black Friday Every Friday offer is here — and this week, we're giving you more ways to **lift, tighten and refresh.**

Whether you're looking to redefine your jawline, address skin laxity around the face and neck, or explore skin tightening for the body, Ultherapy is expanding what's possible without surgery.

And this Friday November 20th, we're adding a little extra to your treatment....

A MORE LIFTED LOOK. A LITTLE EXTRA, ON US.

A SEASON OF THANKS.

We're having just as much fun with Black Friday Every Friday as we hope you are, and we've loved hearing from you, seeing your excitement and helping you take advantage of these little extras along the way.

The holiday season has a way of sneaking up on us (how is it already almost December?!), so if you've been thinking about booking a treatment, don't leave it until the last minute. Our schedules fill quickly this time of year, and we'd love to see you before the festivities begin.

We look forward to seeing you soon!

Warmly,

Dr. Poulos, Dr. Fisher & *The Kingsway Team*
